

Lista zmian przepisów Mini Rifle IPSC 2023.

CHAPTER 1: Course Design

1.2.1.6 The recommended balance for a Level III or higher IPSC Mini Rifle match with regards to target distance is: ~~30%~~ 40% of all targets to be less than 25 meters, ~~50%~~ 40% to be between 25 and 40 meters and 20% to be between 40 and 120 meters.

1.2.1.7 The maximum target distance for IPSC Mini Targets used in IPSC Mini Rifle matches is 80 meters.

1.2.1.~~78~~ Where the physical dimensions of a range preclude the siting of targets at distances greater than 50 meters, it is recommended that the IPSC Micro Target be used (see Appendix B5).

1.2.1.9 IPSC Micro Targets can only be used to simulate IPSC Targets placed at 40 to 120 meters when the range does not allow targets to be placed at such distances.

1.2.1.10 The target distance for IPSC Micro Targets used in IPSC Mini Rifle matches is between 20 and 50 meters.

CHAPTER 4: Range Equipment

4.1.1.2 There are ~~three~~ four sizes of paper targets and two sizes of poppers approved for use in IPSC Mini Rifle matches (see Appendices B and C). IPSC Mini Targets, Micro Targets and Mini Poppers are used to simulate IPSC Targets and Poppers placed at greater distances (see Rules 1.2.1.7 to 1.2.1.10). The following types and sizes of targets may be included together in the same target array

4.1.4.1 Cover provided to hide all or a portion of a target will be considered hard cover. When possible hard cover should not be simulated but constructed using impenetrable materials (see Rule 2.1.3). ~~Whole paper targets must not be used solely as hard cover. Hard cover must not be in the shape of a whole IPSC target.~~

4.4.2 Synthetic targets (e.g. "self-sealing" targets etc.), sometimes used by indoor ranges, must not be used at Level III or higher matches. However, subject to the prior written approval of a Regional Director, synthetic targets may be used at Level I and II matches held within his Region.

CHAPTER 5: Competitor Equipment

5.1.12 ~~Combination guns offering an additional barrel, or barrels, that is not a conventional rifle barrel (e.g. a rifle and shotgun combination), are prohibited. Rifles with more than one barrel are prohibited.~~

5.2.3 With the exception of a bipod and/or barricade stops, the use of shooting sticks, sandbags, tripods and similar, or any other stability improving device attached to the firearm by any means of straps or tape, is prohibited.

CHAPTER 9: Scoring

9.1.6.1 Bullet strikes wholly within hard cover, and continues on to strike the scoring area of a scoring paper target or no-shoot, the hit on the paper target or no-shoot will not count for score or penalty, as the case may be. If it cannot be determined which hit(s) on the scoring area of a scoring paper target or no-shoot are the result of shots fired through hard cover, the scoring paper target or no-shoot will be scored by ignoring the applicable number of highest scoring hit(s).

9.11.1 The official scoring programs for all Level IV or higher matches is are the latest versions of the Windows® Match Scoring System (WinMSS) and the IPSC ESS, unless another scoring program is approved by the IPSC President. For other level matches, no other scoring program can be used without the approval of the Regional Director of the host Region

CHAPTER 10: Penalties and Disqualifications

10.5.1 Handling a rifle firearm at any time except when in a designated Safety Area, or elsewhere deemed safe by a Range Officer, or when under the supervision of, and in response to a direct command issued by, a Range Officer may invoke a disqualification. This does not apply to the carrying of rifles firearms where Rule 5.2.1 will apply. Violation of Rule 5.2.1 may invoke a disqualification.

10.5.6 Allowing the muzzle of a firearm to point at any part of another person's body (e.g. Match Official or spectator) during a course of fire. A disqualification is not applicable if the problem is due to another person appearing downrange from the competitor during a course of fire, provided that the competitor complies with the provisions of Rule 8.6.5.

Glossary

Compensator A device fitted to the muzzle end of a barrel to counter muzzle rise (usually by diverting away escaping gasses).

Reloading Replenishment or the insertion of additional ammunition into a firearm. Replacement of a magazine already inserted in a firearm with a different magazine, or the insertion of additional ammunition into a firearm while the competitor is actually making his attempt at a COF. Reloading commences when the magazine release button is activated, and ends when the newly inserted magazine is fully inserted (locked into place and magazine will not fall out) or the competitor's hand leaves the inserted magazine. Exception: Aiming and safely firing the chambered round at a target before inserting a fresh magazine.

APPENDIX A2: IPSC Recognition

Super Senior Competitors who are over the age of 60, but under the age of 70, on the first day of the match. A Super Senior has the option of electing to shoot in Senior Category, but not in both. If there are insufficient competitors for Super Senior Category to be recognized, all competitors registered in this Category will automatically be transferred to Senior Category.

Grand Senior Competitors who are over the age of 70 on the first day of the match.

Lady Senior Competitors of the female gender who are over the age of 50 on the first day of the match.

Regional teams by Division for Grand Senior Category.

APPENDIX D: Mini Rifle Divisions

		Mini Rifle Open	Mini Rifle Standard
1.	Minimum/maximum caliber	Commercially manufactured .22LR	
2.	Detachable magazines	Yes	
3.	Maximum ammunition capacity (maximum to be loaded)	31 rounds (30 in magazine <u>at the Start Signal</u>)	
4.	Speed loaders	Yes	
5.	Modifications/attachments	Yes – No restrictions	Restricted – See below
6.	Maximum distance of magazines and speed loaders from body	50 mm <u>Not applicable</u>	
7.	Compensators, <u>ports, sound and/or flash suppressors permitted</u>	Yes	No <u>Maximum 30 x 90 mm</u>
8.	Ports	Yes	No
9 8.	Optical or <u>/electronic sights permitted</u>	Yes	No
10 9.	Bipods <u>The use of one bipod and barricade stop permitted</u>	Yes – <u>See below</u>	No
11 10.	Vertical front grip permitted, max length 152 mm (6 inches) from the centerline of the barrel	Not applicable	Yes

Special conditions:

11. Magazines must not be clipped, taped or otherwise attached to any other magazine.

Only one bipod, with a maximum extended length of 90 cm (35.5 inches) from the centerline of the barrel, is permitted per course of fire. Bipods may be removed during a course of fire and changed between courses

APPENDIX E1: Diagram of Competitor Ready Condition
